# THE ACADEMY OF MANAGEMENT CHICAGO '99 MEETING AGENDA

Welcome to the 59<sup>th</sup> annual meeting of the Academy of Management at the Hyatt Regency Hotel in Chicago, August 6-11, 1999. It provides a marvelous opportunity to express your views and hear the unique voices of others about "Change and Development Journeys Into a Pluralistic World," – our conference theme.

Chicago is a perfect setting to explore our theme. It is a microcosm of our ever-changing world. As captured by our Chicago '99 logo (wonderfully created by graphic artist, Tracey Thompson), Chicago is a prism reflecting pluralistic experiences and life journeys. Our Local Arrangements Committee, chaired by Kenneth Thompson, has arranged opportunities to see many different life styles, living arrangements, and cultural expressions in the Chicago area. Each is real, each is legitimate, and each accommodates to another, producing a rich tapestry of social journeys and achievements.

Creating this tapestry is also the agenda for our Chicago '99 program. It is being orchestrated by 27 division and area chairs, 22 professional development workshop chairs, and several Academy committees. They have created a very impressive program that includes 1147 papers and 192 symposia in 849 sessions involving 3503 speakers from 962 universities and other organizations in 41 countries. The web version of the program at http://www.aom.pace.edu/meetings/1999/provides new and easy ways to review and search program details, including abstracts of all sessions and pop-up e-mail windows for communicating with all conference participants.

Our conference theme is *Change and development journeys into a pluralistic world*. It emerged through a "grass roots" process involving discussions with many members of the Academy and our larger management profession, as well as the GTE-sponsored ThemeSummit retreat with division program chairs and managers in Dallas last October. This theme was selected to achieve three conference goals:

- Change management scholarship, teaching, and practice in a needed direction.
- Draw all segments of our profession together by focusing on an issue that is too large for any one to accomplish alone, but too important for anyone to ignore.
- Appeal to management scholars, consultants, and practitioners in the U.S. and abroad because each group and culture have important ideas to contribute and learn on the theme.

### Theme: Change and Development Journeys into a Pluralistic World

The Greek philosopher, Democrites, argued that the essence of being is stable and fixed. While he may have scored some points in the outgoing millennium, his opponent, Heraclitus, may win the debate in the next millennium for his position that the universe is pluralistic and in continuous flux.

Organizations are growing larger in vertical and virtual connections, merging and acquiring others with colliding cultures, hiring more technical/professional workers (now the largest and fastest growing segment of the work force), interfacing in more competitive international and global economies, and adopting widely distributed information technologies. The net result is *pluralistic organizations*, or the co-existence of groups with different, legitimate, and potentially competing strategies and mental models within the same organization, which itself is in the process of movement. In these pluralistic settings, we are challenged to examine how different mutually dependent groups accommodate and learn from each other as they co-evolve in their change and development journeys.

Change processes are relatively simple when they occur in unified and consensual organizational settings. More challenging and realistic in our contemporary world is the need for understanding change journeys in pluralistic settings.

• If pluralism contradicts our owner-centered theory of the firm, then perhaps a new theory is needed that heedfully accommodates the interests of multiple stakeholders.

- If pluralism represents an anathema to traditional management principles of consensus and alignment with a singular vision and approach to change, then we need new theories and ideas that allow for the management of divergent viewpoints and processes.
- If we assume that the expression of opposition is not welcomed, then we need new models and methods that encourage the existence and expression of divergent viewpoints.
- If pluralism implies varied ways of viewing an issue, then we need to develop creative ways to communicate and share this.

Fortunately, many management scholars, consultants, and practitioners are developing useful models and research for understanding processes of change in pluralistic settings. These models:

- go beyond theories of planned change, and include life cycle, dialectical, and evolutionary process models,
- transcend traditional linear views of change, by exploring complex, nonlinear, and dynamic processes of change,
- approach change and development as an ongoing stream of events instead of a discrete shift from one stable order to another, and
- view stability and change as produced by the same underlying mechanisms; e.g., they may reflect temporary periods of balance or imbalance between opposing cycles of divergent and convergent processes that ebb and flow over time.

Understanding change and development journeys in pluralistic settings is a central challenge for transitioning into the new millennium.

#### Program Agenda

Chicago '99 provides a meeting place to present and share many initiatives under way to address this theme. In particular, we invite you to participate in the following activities:

1. Professional development workshops. A variety workshops and consortia are offered for doctoral students, faculty, and other conference participants from Friday to Sunday. These workshops and consortia often require pre-registration. See the conference program for contact information. Organized by division PDW

chairs, these intensive workshops provide skill-building opportunities in teaching, research, and consulting on the theme and other professional development topics. A few examples are:

- A tour of McDonald's University. Bus leaves 11:15
   Friday; for reservations call Liz Hill 630-829-6208
- On Friday afternoon and evening the ONE, ODC, and SIM Divisions are cosponsoring a Professional Development Workshop on Business and sustainable development: A dialogue with environmental executives from McDonalds, Monsanto, BP-Amoco, John Deere, and IGA.
- On Sunday morning, 8:30 noon, the International Programs Committee is co-sponsoring a Professional Development Workshop on Management research and participation during times of radical political change:

  Participant/observer experiences in new or contested regimes and countries.
- **2. Sunday All Academy Sessions**. A marvelous Sunday afternoon program has emerged to kick of the Academy's Chicago '99 conference:
  - At 12:30 p.m., Peter Senge (MIT) and executives from Flour, Ford, Harley Davidson, and Shell Oil Companies will discuss the development of distributed leadership and learning.
  - At 2:45 p.m., Peter Ring (Loyola Marymount U.)
    will moderate a panel discussion by top executives
    from 3M, Xerox, Intel, and Motorola with scholars
    who have been studying these organizations on
    managing change, pluralism, and learning.
  - At 5:00 p.m., Anne Huff (AOM President) will conduct the Academy Business Meeting featuring a discussion by John Reed (CEO, Citicorp) and James March (Stanford) on academic research on management and the practice of management.
  - At 7:00 p.m., everyone is invited to the All Academy Reception, sponsored by the Kelley School of Business of Indiana U.
  - At 9:00 p.m., the Ibero-Academy of Management and the Academy of Management are joining forces to bring us a great salsa party by Orquesta Isla, one of the best in the country. The 13-piece band expresses a new genre combining the native salsa

rhythms of the Spanish Caribbean Basin with American musical ensembles.

- 3. Cases on the theme. A novel conference feature is the presentation and distribution of cases developed by scholars and managers of notable companies that can be 5. used for teaching, consulting and practicing the theme. They include:
  - Processes of Technological Evolution at Intel, by Dennis Carter (Intel Executive Vice President) with Robert Burgelman (Stanford U.) on Monday at 9:00 a.m.
  - Leading Innovation at 3M, by William Coyne (3M Sr. Vice President for Research & Development) with Raghu Garud (New York U.) on Monday at 10:40 a.m.
  - The Multinational Ethics Journey of Motorola, by Patrick Canavan (Motorola Vice President for Human Resources) with Kenneth Murrell (U. of West Florida) and Peter Sorenson (Benedictine College) on Monday at 1:00 p.m.
  - Learning in Pluralistic Communities of Practice at Xerox Parc, by John Seely Brown (Chief Scientist, Corporate VP, and Director of Xerox PARC) with Sim Sitkin (Duke U.) on Monday at 2:30 p.m.
  - The Change and Development Journey of John Deere and Company, by several John Deere managers with Therese Yaeger (Benedictine U.) on Monday at 4:10 p.m.
- 4. Special journal issues on the theme. Journals have issued calls for papers for special issues or forums on core aspects of the theme. The conference includes All Academy sessions that present and discuss selected papers for the special journal issues or forums.
  - The Academy of Management Journal, Review, and Executive issued a first-ever-joint Call for Papers related to the conference theme. Papers that passed the standard double blind review process of the journals will be presented and discussed in two sessions at 8:30 a.m. on Monday and Tuesday.
  - The Administrative Science Quarterly is presenting a special Forum of invited essays on the conference theme on Wednesday at 10:40 a.m.

- Organization Science will feature the best papers emerging from the series of OS Winter conferences on organizational complexity and nonlinear dynamic processes of change at 9 a.m. on Tuesday.
- A Handbook on the theme. Oxford University Press has commissioned Marshall Scott Poole (Texas A&M U.) to edit a handbook that reviews and assesses our scientific knowledge on processes of change and development in individuals, groups, organizations, industries, and institutions. Two All-Academy sessions will feature presentations and discussions of work-in-process by Handbook chapter authors 10:40 a.m. on Monday and 2 p.m. on Tuesday.
- 6. Future NSF-sponsored research on the theme. The long run impact of the conference may be the research that it stimulates and supports in future years on the theme. To encourage this to happen, we are delighted to announce that the Innovation and Organizational Change Program of the National Science Foundation has agreed to provide an annual amount of \$2.3 million for competitively-awarded research projects on the conference theme. An All Academy session on Monday at 10:30 a.m. announces the NSF IOC Requests for Research Proposals and ways to participate in the research. Learn from researchers of our theme cases(listed above) how to develop long-term learning relationships with managers to study organizational change.
- 7. Symposia and speakers on the theme. The conference includes several high-profile sessions that assess the preparedness of management education and practice to manage change and development journeys into a pluralistic world.
  - A panel at 3:40 p.m. on Tuesday organized by Sandra Waddock (Boston College) includes Milton Blood (AACSB), Karl Weick (U. of Michigan), Henry Mintzberg (McGill U.), Peter Senge (MIT), and James Post (Boston U.) in a discussion on transforming management education for the 21<sup>st</sup> century.
  - Rosabeth Kanter (Harvard U.) and Robert Shapiro (Monsanto) speak at 2:00 p.m. on Tuesday about how the change imperative is reshaping business strategy, organization process, career opportunities and life itself.
  - Marina Whitman (former member of President's Council of Economic Advisors) speaks on the

changing role of the American corporation at 10:40 a.m. on Wednesday.

Sessions such as these represent influential ways for the Academy to co-venture with others in providing intellectual leadership for the management profession.

- 8. **Division theme sessions**. Befitting the conference theme, at the GTE-sponsored October 1998

  ThemeSummit of division chairs and managers, we decided that each division program chair will organize a session that addresses the conference theme from the division's perspective. This decision has stimulated a wave of novel and pluralistic approaches to the theme. These division theme sessions are singled out in the conference program with a box.
- 9. Interactive paper sessions and caucuses. The pluralistic nature of the Academy itself emphasizes the importance of individuals to communicate and integrate their ideas. Interactive Paper Sessions and Caucuses provide opportunities for one-on-one and small group discussions. We encourage authors to review the conference index and invite five other individuals to come and discuss their papers.
- 10. **Artistic expressions of the theme**. To capture the soul of the theme, we round out the program with

several very creative artistic expressions:

- On Monday at 5:30 p.m. Mary Crossan (U. of Western Ontario) has arranged a performance by the world-renown *Second City Improvisation Company* whose home is Chicago. A panel discussion will reflect on improvisation from theatre to management.
- On Monday at 8 p.m. everyone is invited to a reception to welcome new and non-US members of the Academy being hosted by Anne Huff (AOM President) and sponsored by Cranfield U.
- Tuesday at 3:40 p.m. features a highly novel session organized by Tom Brown (Management General) to express change journeys from inside and out through photography and piano. Martin Dugard (photographer, journalist and adventurer) will share his personal work and teamwork experiences from traversing the jungles of Borneo, the ancient Zulu battlegrounds of Lesotho, and several other outback landscapes. Michael Jones (pianist, composer, and producer of ten popular CD's that sold two million units) will explore the unfinished journey of imagination and the aesthetics of leadership.

"What is our music?" Michael Jones will ask. "And what is the nature of the unfinished journey that we each must take to bring it into the world?" It begins with our exploration of the vast inner geography of the imagination, a subtle but powerful intelligence that brings us into the very heart of our own creativity. Cultivating this aesthetic sensitivity represents the next step in organizational learning and our continuing development as leaders and human beings. Appreciating and sharing this will make Chicago '99 a wonderful stop along each of our life journeys.

Creating this program involved a great deal of self-less effort and dedication by many volunteers and much support from their universities and organizations recognized on the next page. On behalf of the Chicago 1999 Conference Committee, we are most grateful to each individual. In particular, we wish to acknowledge the extraordinary contributions of Kelley Hinze. Gove Allen, and Zehra Ahmed for overall program development and coordination at the University of Minnesota, of Raul Necochea for coordinating the professional development workshops at Boston College and of Alan Eisner and Damon Hurd for internet communications.
